

# WIND energy

## Environmental certificate

### Scandinavian Auto Logistics A/S

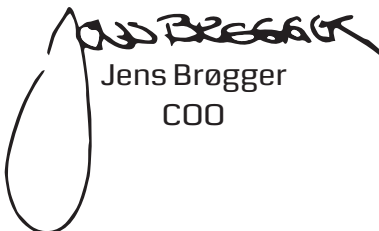

has converted 100% of its electricity purchase  
to renewable energy produced by  
Danish wind power in the period

from 01.01.2024

to 31.12.2027

Choosing WIND energy helps protect the environment  
and strengthens the production and investment  
in environmentally friendly energy.

Environmental certificate no: 100052321
